ITEM 10 – ORDINANCE O-2024-6 – ENDORSING THE PROJECTS AND PROJECT FUNDING LEVELS IN THE CITY OF LAKEWOOD 2024 ANNUAL ACTION PLAN FOR THE COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

Amy DeKnikker  · Apr 22, 2024 · 11:04am
The projects proposed in the 2024 Annual Action Plan are impactful, far-reaching, and address the needs of our vulnerable and under-served residents. Metro West Housing Solutions is proud to partner with the City of Lakewood and we commend you for supporting a range of housing-related projects that will benefit Lakewood homeowners, renters, and our unhoused neighbors.

Jill McGranahan  · Apr 22, 2024 · 9:11am
Metro West Housing Solutions is a grateful participant in the CDBG grant program. This money helps to fund many of residential service programs and allows MWHS to provide community-building events to our residents such as our yearly participation in the National Night Out. We thank the City for including CDBG in their 2024 Action Plan and appreciate the City Council's consideration and approval of said budget.

ITEM 13 – GENERAL PUBLIC COMMENT

Mary M  · Apr 23, 2024 · 9:49am
My comment today is to express my frustration and disappointment in City Council and the way you chose to end the Public Meeting late into the evening on Monday April 22nd. Ward Updates were allowed for Ward 1 (in which we heard at length from both Councilors Sinks and Shahrezaei), Ward 2 (again in which we heard at length from both Councilors Cruz and Mayott-Guerrero), Ward 3 (Councilors Low and Stewart were also afforded the opportunity to provide lengthy comments) but when it was time for Ward 4 to provide updates, Councilor Olver began to speak and was interrupted by a motion from Councilor Shahrezaei to adjourn and used the words, "We're done with you Councilor Olver." The motion to adjourn was seconded by (I believe) Councilor Mayott-Guerrero and did pass as Councilors Sinks, LaBure, Mayott-Guerrero, Stewart and Shahrezaei along with Mayor Strom voted Yes. Councilors Olver, Rein, Nystrom, Low and Cruz all voted No. Because of this vote, opportunities for Ward updates and the same allowances to speak were not afforded Wards 4 and 5 as were previously given to Wards 1, 2 and 3. With that summary of what took place 3 hours into a city council meeting, I would invite and encourage what seem to be personal issues between councilors to be put aside in these settings. Some of you reference free speech rights often but in the situation above it does not appear that you truly stand behind your words. You have a right to disagree but to cut off one councilor with a motion to adjourn effectively both silencing that person as well as not allowing others to speak is not affording the same opportunity of free speech that you purportedly believe. Some councilors strongly and regularly invite citizens of Lakewood to apply for different committees, to reach out to you outside of regularly scheduled meetings, to help set agenda items, and to generally be more involved. When I don't see mutual respect given from those of you that were elected to represent this city and speak for all citizens and listen to all citizens, I am genuinely puzzled as to why you think those who have differing perspectives, beliefs, ways
of interacting with others and allowances for differences would want to be involved in any aspect of the city. The way you ended the meeting last night was a disservice to those of us who were either there in person, listening online or watching a recap later. It was a disservice to your fellow councilors who were not given an opportunity to provide ward updates. It is a disservice to yourselves. I hope that you allow opportunity for Wards 4 and 5 to provide their updates first on the next agenda, without interruption. I would encourage everyone in this seemingly volatile environment to look for ways to speak to city updates, share your beliefs when appropriate and allow the same for others while not letting personal and passionate feelings overtake the work you are supposed to be doing for the city. Emotions were certainly high last night and I certainly feel for everyone who spoke, however councilors can not use their position to only allow speech for some. I am paraphrasing but there was one citizen who spoke during public comment who mentioned that he was frankly tired of coming to you but with nothing being done. I think that sentiment is pretty accurate in the above situation. It is tiring hearing councilors use these meetings as personal attacks towards each other.

This picture was captured TODAY (and every day that I have been there over the last month) at Charles Whitlock Recreation Center. The vagrants, homeless, litter, and people sleeping by the trash should be more of a concern than the noise of us who enjoy exercise by playing pickleball. As a Lakewood homeowner I believe Lakewood, Whitlock, and neighbors should be more concerned with the drug use, and folks sleeping on the hockey benches and come up with alternatives to shutting down the Whitlock Pickleball courts with less than 3 weeks notice and no plan to reuse of these assets. The world has turned a bit backwards when shutting down exercise/enjoyment of the fastest growing sport in the world (Pickleball) is more of priority than the homeless, drug use, and vagrants at Whitlock.

This submission expresses my opposition to The Electrification of Lakewood, Item 14A on the agenda. LAC proposed green renovation solutions require more electricity, from an already faltering grid, at the cost of untold billions of dollars. As the left works to eliminate fossil fuels, electricity price inflation is a real thing that affects everybody. A recent report in the Wall Street Journal (https://www.wsj.com/articles/electricity-prices-biden-green-energy-labor-department-2b4ea2eb?mod=saved_content) states that “Electric rates remained relatively flat in the seven years before President Biden took office, rising 5%. Thank cheap clean natural gas and coal. Yet since January 2021 electricity prices have soared 29.4%—about 50% more than overall inflation.
The lefts 100% “renewable” energy fantasies would be so much more expensive than the clean, reliable energy provided by fossil fuels and nuclear. For a city that pretends to care about people lower on the economic ladder, LAC proposals will seriously adversely impact them and everyone else. From costs to transition to green renovation to higher monthly energy bills, none of us would be better off in this fantasy world. Electricity is so important that it literally means the difference between life and death, yet the climate Left is driving our electrical grid toward disaster as it places more and more demands upon it. Don’t destroy our modern life. Stand for reality. Stand for truth and sane energy policy. Don’t waste time, money and resources on a green energy fantasy. Lakewood should be prioritizing solutions to the high crime rate, invasion of illegal migrants and increasing homelessness.

Dear Esteemed members of Council, I plan on testifying in person tonight, but I wanted to preface my testimony with a few thoughts. I want to start by stating I 100 percent disagree with Dave Kellogg. A ceasefire resolution DOES fall under your purview for the following reasons:
1) Tax dollars. Tax dollars that are collected in Lakewood, paid for by Lakewood residents (an estimated $2M) are doled out by our Federal government to fund an ongoing genocide. This makes us all complicit. I don't know about you, but I REFUSE to be complicit in a genocide. 2) Our Congresswoman, Brittany Pettersen, for the past six months has ignored her constituents on this matter. She is hosting fake town halls with pre screened and pre scripted callers just like her predecessor. The residents of Lakewood deserve a forum to have their voices heard. I am sorry that this is falling on council, but we must look to our immediate representatives when our Federal ones fail. Regarding Mr. Kellogg's concern of spending time wisely. I think we could all agree, that we can get on with other matters if Council were simply to pass the resolution. This would prevent further demonstrations at council. I don't understand the council's current reservation. I will be questioning it in my testimony tonight. For your consideration, please view this video as evidence of the Congresswoman's neglect of her constituents:

When our electeds are supposed to represent us but aren’t listening to us, we have to turn to our local electeds on city council to be a voice for us. The more city councils that call for a ceasefire, the more clear it is that we do not want this war in our name or with our tax dollars. The majority of Americans want affordable housing and affordable childcare, not to prop up a rich country to drop bombs on civilians. You can call it symbolic all you want but I want it registered - not in my name and never again means never again.

Joseph Pero · Apr 22, 2024 · 10:34am
This submission expresses my opposition to The Electrification of Lakewood, Item 14A on the agenda for the April 22, 2024, city council meeting. This is going to be a monetary burden to homeowners and will change our lives overnight, and not in a good way. It’s bad for the residents you purportedly represent. The Lakewood Advisory Commission (LAC) wants urgent adoption of the recommendations, so the development of programs affecting the 2025 city budget will be in place. Interestingly, quick approval of this plan by City Council allows less time for residents’ feedback. There needs to be more time for research & analysis of costs vs. benefits to the people you represent. Then, it should be up to the citizens of Lakewood to vote on
it. The City of Lakewood will undoubtedly need more full-time employees to implement and administer this plan, too. Adding more city employees to implement this plan will absolutely require higher taxes and, of course, wanting to take more of our money from TABOR refunds. On top of everything else, I learned that BlocPower has partnered with Lakewood and is assisting in preparing this plan. This doesn’t set well with me. Considering how you ignored the desires of residents and are moving forward with the “Navigation Center,” I am extremely leery of, and completely against, this “electrification” plan. Again, I STRONGLY urge you all to OPPOSE this plan and focus our hard-earned tax money on removing criminals from our streets. Here’s a fresh idea: How about stopping the windshield washers at intersections? I guess there aren’t enough police agents to do that. Sincerely, Joseph Pero

Dave Kellogg · Apr 19, 2024 · 10:25am
There was a Face Book post this morning from a group that is calling for Council to authorize a resolution demanding a cease fire in the Israeli - Hamas war and apparently, they are planning on flooding the April 22nd meeting with public comment. City Council needs to stay out of the fray on this topic and this does not fall under your purview. Council needs to focus on ensuring policies that benefit Lakewood citizens are enacted and continued, including making sure the tax base is sufficient to ensure a fully funded, staffed and trained police department and continued funding for public works and city services to ensure city services and infrastructure continue to improve. There are too many other critical items to address such as affordable housing, the homeless crisis and doing something about the influx of illegals that are now showing up at numerous major street intersections trying to wash car windows. That in itself is an accident waiting to happen. It's only a matter of time before someone gets seriously injured or killed. I urge Council to use your time and resources focused on Lakewood and not get involved in world affairs. Or, let's put it this way; even if you did pass a resolution on the cease fire, does anyone honestly think it will make a difference? Like the Israeli government is going to say "well, the City of Lakewood wants a cease fire, so I guess we better appease them". They don't give a rip about a resolution from this council or any other local body in the U.S. You have more important things to do and not enough time to do it! Regards, Dave Kellogg Ward 4

Lasley Elementary and Jeffco Public Schools are extremely grateful for the City of Lakewood's grant to support funding at The Boys and Girls Club at Lasley. Thank you for your ongoing commitment to our schools!

Lakewood City Council Members, On behalf of CASA of Jefferson & Gilpin Counties, I want to extend our heartfelt gratitude for considering our organization for Youth Programs grant funding. Your recognition of the importance of providing stability and support to children experiencing abuse and neglect is truly appreciated. The support from this grant will bolster our CASA volunteer and Youth Alliance programs and empower us to continue advocating for and serving the most vulnerable children in our community. Some of you had the opportunity to attend CASA’s Champions for Children Breakfast earlier this month and got to hear an incredible story about two former CASA youth and the ways CASA and their CASA volunteer supported them through their court case. This funding will allow us to help more children in similarly impactful ways. We are honored to have the opportunity to partner with you in making a meaningful difference in the lives of children in Lakewood. Thank you for your support. Laura Powers Director of Philanthropy CASA Jeffco/Gilpin

It is our deepest appreciation that we are among the wonderful organizations selected to serve our community in this way. We are thrilled to have your support in our efforts to enhance the intellectual and creative development of youth. The Lesley P. Chapman Youth Program will serve to broaden our reach and increase our impact by providing fun learning experiences to cultivate and improve literacy skills, artistic creativity, and environmental stewardship for youth in the City of Lakewood. Thank you for all that you do as a council to maintain a safe and sustainable place for all of us. And thank you for investing in us.

I wish to thank Lakewood for supporting Altitude Youth Ultimate, the ultimate frisbee league. Unique to this sport is the fact teams play without referees; players call their own fouls and must resolve disputes with the opposing team right there on the field. This facet of the game a huge growth opportunity for kids to learn how to resolve disputes constructively, with adults intervening. Beyond that, Ultimate Frisbee is more than just a team sport. It’s a supportive community. My two kids have played the sport now for 7 years and we've been amazed at the supportive parents and community. We've witnessed in other sports how parents become aggressive and unruly, but the culture of ultimate frisbee is the opposite. Parents are unwaveringly positive and supportive. We are happy to have a friendly conversation with parents of the opposing team!

The Lakewood Police Department's Juvenile Crime Unit would like to thank the city of Lakewood for their support of our programs and scholarships. Our School Resource Officers work hard to build relationships with youth in their schools and community in various ways. Our Youth Police Academy and Discover the Blue programs are all about strengthening our bonds with the community while our Shop with a Cop program is about giving back to our special needs kids in our schools during the holidays. This funding will allow these programs to grow and will enable us to give scholarships to those that participate, hopefully making a lasting impact along the way. We are honored to have been awarded this grant and cannot thank you enough.

Thank you for your generosity as we work to serve the Lakewood community!

As a local community member and volunteer coach, I am so grateful to know that the City of Lakewood supports the growth and development of Ultimate. The social and emotional benefits of having a self-officiated sport like Ultimate allows youth to learn to build self-awareness and regulate their emotions in "high stakes" situations. Ultimate also provides an entryway to all youth to experience a competitive team sport and active life style. Thank you, Lakewood, for your support of our quickly growing sport!

Thank you very much for the award of $2000 to Kiwanis Club of Belmar Foundation for the purpose of awarding scholarships to graduating seniors from Alameda High School. They are paid directly to the school for the student's account and therefore used for books, tuition, or fees.

Thank you for the granting for youth to the Lakewood Symphony Orchestra for our two concerts as outreach to and inclusion of youth! Our Family Concert is very audience interactive inviting patrons to participate in the creation of a unique musical experience. The second concert, Youth Concerto concert, allows for the concerto winner to perform with the orchestra. The second and third place youth concerto winners perform at the Lakewood Symphony Orchestra Celebration Dinner. Our audiences for these two concerts have a majority of young members. The funding the City of Lakewood is providing assists the LSO in the successful performance and attendance for these concerts. We invite and include members from the Boys and Girls Clubs and the Developmental Disability Resource Center who normally could not attend without this support. Thank you so much!

Balon USA would like to thank the City of Lakewood and all the city council members for supporting our work to serve for the youth of Lakewood with free after-school soccer programming. With these resources, we can continue to bring soccer to underserved areas of Lakewood, and remove the barriers that prohibit some communities from accessing organized sports: cost, location, and busy work schedules. We will use the funds to purchase soccer equipment and uniforms, and to pay stipends for the coaches and youth referees. We thank you very much for this honor.

City Council Members, On behalf of Boys & Girls Clubs of Metro Denver, I am excited to share about transformation within the Lakewood community, which is made possible by your continued support and belief in the mission of our organization. Thank you for your generous investment in the Lasley Boys & Girls Club, a safe, fun, inspiring place for young community members in Lakewood. In August 2023, the Lasley Boys & Girls Club faced a pivotal moment. The closure of Emory Elementary School marked the end of an era and the beginning of a new chapter. It was here where over a decade of nurturing young minds had taken place. Despite this change, we ensured a seamless transition for students to the new location at Lasley Elementary School, where the promise of exciting and enriching experiences awaited them. Our staff embraced this challenge with open arms, fostering strong partnerships with the administration, teachers, and custodial staff at Lasley Elementary School. These relationships were not merely functional but were the bedrock upon which we built an environment of mutual growth and learning. A notable initiative was the integration of our out-of-school activities with the school day routines. School social workers and Club staff collaborated to mirror language and practices to provide students with a sense of familiarity and continuity, bridging their two worlds. A shining example of our programs’ impact includes our Youth of the Year competition, a character and leadership program. This year, five dedicated Club members participated, each completing leadership portfolios that included essays, grade reports, and letters of recommendation. These young leaders not only excel in their own right but also contribute significantly to the Club by mentoring younger members and leading activities in STEM, sports, and literacy. The heart of our mission is not only serving young people but also engaging families and the broader community. This commitment is demonstrated through numerous family nights we host, including a Back to Club Night, Halloween Carnival, Holiday Party, and more. These events, coupled with collaborative efforts with the school for broader community events like Multicultural Night and the annual Talent Show, not only increase engagement with parents and students but also solidify the Club’s role as a trusted community access point. Through these efforts, we have supported 561 young individuals across the Lasley Elementary community this year alone. Yet, we know this is just the beginning. The continued partnership with Lasley Elementary School and the leadership provided by you, our City Council, are crucial. You have the power to further this positive impact on our community, and your investment tonight signifies your commitment to this community. The funding we receive will help build lifelong memories for our members and empower them to achieve their greatest potential. Who knows, with the foundation you help build today, these very individuals might one day take your place, making pivotal decisions for our beloved City of Lakewood!

The Outdoor Lab Foundation serves 1,469 Lakewood Youth annually—1,293 sixth-graders and 176 High School Leaders. Furthermore, the Foundation’s Tuition Assistance Program sends targeted support to Lakewood’s most underserved youth by covering Outdoor Lab tuition for the 567 students who will qualify for free and reduced lunch this schoolyear.

Last night’s Council meeting was filled with a lot of “feel good” moments. The grant money will help a lot of worthy organizations. At the end of the meeting, Mayor Strom addressed the abrupt ending of the April 22 Council Meeting. I was not in attendance in person at that meeting so I can not speak to the amount of danger the Councillors might have felt and the cameras did not show what was happening in the room. However, there are some facts that seem to have been distorted. The Mayor did not propose the meeting to end, it was the Mayor Pro Tem who interrupted Councillor Olver and uttered “We’re done with you Councillor Olver”. The Mayor called for a second to the Motion to the best of my knowledge and the majority voted to end the meeting. While a meeting can be ended at anytime, rules prohibit interrupting someone who has the floor. No mention was made of violations to Robert’s Rules, Bob’s rules and our own Code of Conduct ( although Councillor Sinks held up a document pertaining to Civility). You as a body deserve to take credit for the good that you do, bu you also need to publicly acknowledge your failures and assure the constituents that moving forward you will do better. If the Mayor Pro Tem had been the one interrupted by Councillor. Olver , I suspect the outcome would have been very different. Decorum applies to the dais as well as the public.

I have heard that UNESCO is considering making Dinosaur Ridge a UNESCO site. I have also heard that Jefferson County is opposed to this. Why? Rumour is Jefferson County is considering more commercialization along C-470 and doesn't want to expand the Dinosaur Ridge area. Having Dinosaur Ridge as a UNESCO site would be amazing for our area. It would also bring in much-needed funds for Dinosaur Ridge which Jefferson County is NOT providing. If funding is not offered soon, we risk losing this site altogether. Jefferson Count is also restricting what can be done at the site making it more difficult for visitors to see and experience the dino tracts. Lakewood is a neighbor to this valuable natural resource. Many of us would like to see if Lakewood could work with Jefferson County in this once-in-a-lifetime opportunity to have a UNESCO site here. Dinosaur Ridge is North America's top Dino track site and should be preserved.

I would like to give a huge thank you to city council and everyone else involved for working to add lights and raised crosswalks along the 40 West Art Line at Harlan and Lamar. I ride along these routes almost daily to get groceries and go to my gym, and the traffic calming from the raised crosswalks and additional lighting will make my trips much safer. Looking forward to the improvements! Thank you council! Also 130% increase in pedestrian activity and 325% increase in bike activity?! That's incredible.

Subject: AN ORDINANCE SETTING THE SALARIES OF MUNICIPAL COURT JUDGES

SUMMARY STATEMENT: The Judges Salary Committee met on May 21, 2024. The Committee recommended a salary increase of 5% for the Presiding Municipal Judge, Municipal Judge, and Variable Associate Municipal Judges. To address significant issues with market competitiveness, the Committee recommended an increase of 25% for the Part-time Associate Municipal Judge. In accordance with Article V of the City of Lakewood Chart, the recommendation of the Committee must be approved by ordinance and requires a vote of the entire City Council.

BACKGROUND INFORMATION: Each year the Judges Salary Committee meets to review, and provide recommendations to City Council for, the compensation to be paid to the City’s Municipal Court Judges. The Committee met on May 21, 2024, and recommended the following compensation amounts:
• Presiding Municipal Judge: $208,802 annually
• Municipal Judges: $186,474 annually
• Regular Part-Time Associate Municipal Judges: $82.21 per hour
• Variable Part-Time Associate Municipal Judges: $96.22 per hour

BUDGETARY IMPACTS: The increases in salaries will result in an annual budget impact of approximately $41,323. A majority of this amount was previously accounted for as part of the 2024 budget process and the rest will be accounted for through annual savings in other areas throughout the General Fund. If approved, the increase will be retroactively applied, effective March 17, 2024, this is the effective date of salary adjustments for general employees.

STAFF RECOMMENDATIONS: Staff does not have a recommendation regarding the recommended increase.

ALTERNATIVES: City Council may either approve, deny or make changes to the Committee’s recommended increase.

PUBLIC OUTREACH: This item has been promoted through the regular communication channels to be considered by the Lakewood City Council.

NEXT STEPS: The next steps will be to implement the recommended increase should City Council vote to do so.

SUMMARY STATEMENT: The City of Lakewood received a $931,700 grant from the Colorado Department of Local Affairs on March 19, 2024. The grant will support the installation of rooftop and parking canopy solar infrastructure at the Whitlock Recreation Center, the city’s first on-site solar project. A supplemental appropriation of general funds to the 2024 annual budget in the amount of $1,230,300 to be used for a city match payment for the grant and project costs is required to proceed with the project.

BACKGROUND INFORMATION: The City of Lakewood was awarded a $931,700 grant from the Colorado Department of Local Affairs’ (DOLA) Energy/Mineral Impact Assistance Fund (EIAF) Grant to support installation of rooftop and parking canopy solar systems at the Whitlock Recreation Center. The attached ordinance authorizes a supplemental appropriation of general funds to the 2024 annual budget in the amount of $1,230,300 to be used for a city match payment for the grant and remaining project costs.

The City of Lakewood’s adopted Sustainability Plan includes goals of reducing greenhouse gas emissions and increasing the use of renewable energy at municipal facilities. In 2022, Staff completed a solar feasibility study to analyze and identify priority sites at municipally owned properties to implement on-site solar energy systems. The Whitlock Recreation Center was identified as a prime candidate because of its location, roof age and area, and available parking lot space. The scope of work includes the design and construction of a 536-kW solar system, consisting of rooftop solar and solar canopy parking structures, which will offset 100% of anticipated electricity use and avoid 785,000 lbs/year of CO2e emissions (see Attachment for the preliminary site design). Project co-benefits include increased electricity grid resilience, reduced urban heat island impacts, and increased vehicle shading during hot temperatures and protection from hailstorms.

The total project cost is estimated at $2,662,000. Discounting the $931,700 EIAF grant award and 30% credit ($798,600) from the Inflation Reduction Act Direct Pay provisions, the net city contribution is $931,700. The estimated utility bill savings for the first year of solar generation is $107,500. The return on investment for the project is 7-8 years. Assuming a 25-year life span of the system, the net present value of the project is $1.7 million (the net savings to the City from avoided utility bill costs).

If City Council approves the Ordinance, staff is prepared to release a request for proposal and award a contract for the design and construction of the solar project in 2024, with construction beginning in 2025.

BUDGETARY IMPACTS: Staff is requesting an appropriation of $1,230,300 in General Fund dollars for the city match portion of a grant approved by DOLA. The total estimated project cost is $2,662,000. With the $931,700 grant award (which requires a dollar-for-dollar city match) and $500,000 already budgeted in the 2024 Original Budget, the remaining amount needed for additional appropriation for the project is $1,230,300. The City will qualify for a federal credit in 2026 once the solar project is completed. This credit should be $798,600 (30% of the total project cost), so the net city match for this project is $931,700 after the credit is received in 2026.
STAFF RECOMMENDATIONS: Staff recommends that City Council review and approve Ordinance O-2024-14

ALTERNATIVES: The City Council may elect not to approve the appropriation, though this would likely result in not accepting the EIAF grant. Staff would review additional options including a reduced scope of work or delaying or canceling the project.

PUBLIC OUTREACH: This item has been promoted through the regular communication channels to be considered by the Lakewood City Council.

NEXT STEPS: If the Ordinance is passed, Staff plans to release a request for proposal and award a contract for the design and construction of the solar project in 2024, with construction beginning in 2025.

STAFF MEMO

DATE OF MEETING: JUNE 24, 2024 / AGENDA ITEM NO. 9

To: Mayor and City Council
From: Max Kirschbaum, Director of Public Works
Subject: LAND ACQUISITION FOR REPLACEMENT MAINTENANCE CAMPUS

SUMMARY STATEMENT: This Ordinance would declare the intent to purchase 7.95 acres of land at 1303 Oak Street, approximately 3.00 acres at 10811 W Collins Avenue and 6.35 acres of land at 1211 and 1215 Quail Street for municipal purposes.

BACKGROUND INFORMATION: The existing Public Works Maintenance Campus ("Existing Campus"), located at 1050 Quail Street is 9.99 acres. Three of the four buildings were constructed 46 years ago and the fourth was constructed in 2003 for salt and sand storage.

The Existing Campus is significantly undersized to support the Public Works operations of the City of Lakewood (the "City"). The attached Operations and Capacity Assessment demonstrates that the Existing Campus is approximately half the size of other municipal public works campuses while the City serves a community with a population twice as large and includes thirty-three percent (33%) more lane-miles of streets and fleet vehicles.

The City Council approved $15,000,000.00 in the 2024 budget to purchase property for the purpose of expanding the Existing Campus. City Staff obtained a real estate appraisal, after which they negotiated a purchase price of $15,000,000 for three parcels of land just north of the Existing Campus, located at 1211/1215 Quail Street, 10811 West Collins Avenue and 1303 Oak Street. Refer to the attached exhibit for a depiction of the three parcels. The proposed land purchase encompasses approximately 17.30 acres, which would provide ample space to expand the Public Works Campus and to construct facilities that will have capacity to serve the City for the foreseeable future.

If the City Council approves this Ordinance, the City Manager will be authorized to proceed with the land acquisition. Once the property is acquired by the City, Public Works will proceed with a master planning effort to determine the best utilization of the land for the above mentioned purposes.

A map is attached that illustrates the properties that are part of the proposed land acquisition.

BUDGETARY IMPACTS: The City Council has appropriated $15,000,000.00 for this land purchase, comprised of $8,000,000.00 from the Capital Improvement Fund and $7,000,000.00 from the General Fund. The purchase price is less than the appraisal value obtained by the City.

STAFF RECOMMENDATIONS: The Department of Public Works recommends adoption of this Ordinance to approve the purchase of land to expand the Existing Campus.

ALTERNATIVES: If this Ordinance is not approved, the land purchase will not proceed, and the Public Works Department will continue to operate out of the undersized Existing Campus, and may consider, negotiate and recommend another land acquisition that would better meet the stated alternative objectives of the City Council. Additionally, Public Works would need to pursue rehabilitation of the Existing Campus while continuing to occupy the site.
PUBLIC OUTREACH: This item has been promoted through the regular communication channels to be considered by the Lakewood City Council. No specific public outreach has been conducted regarding the acquisition of the properties.

NEXT STEPS: Upon adoption of the Ordinance and conclusion of the referendum period, the City would close on the ownership of the property. City staff will update the City website, maps, and other materials as appropriate.

Subject: EXISTING PW MAINTENANCE CAMPUS OPERATIONS AND CAPACITY ASSESSMENT

The existing Public Works Maintenance Campus at 1050 Parfet Street is approximately 10 acres and supports the following City Services:

- Street maintenance
- Snow & ice control
- City building maintenance
- Roadway signs and markings installation and maintenance
- Fleet maintenance including vehicle and equipment purchasing and disposal
- Stormwater system maintenance
- Fueling center – utilized by multiple public entities including Jefferson County Schools (buses across the street.
- Traffic signal maintenance
- City-owned sewer system maintenance
- City-owned water system maintenance
- Public recycling facility

The majority of the site improvements were constructed in the 1970s. Since then, Lakewood has grown significantly in population, land area, and street lane miles. Public Works operational responsibilities have also grown to meet these needs. A few operations that have been added over the years include: the recycling center, traffic signal maintenance, water utility maintenance, fleet vehicle increase of 50% and an overall increase of 900% in the total area of City facilities maintained.

The existing campus size and facilities pose significant challenges and constraints, including:

- **Vehicle storage and on-site movement:** The major activities on the existing campus all require heavy vehicles and equipment which vie for space and ability to move safely on a crowded 10-acre site.
- **Overcrowded facilities:** The facility is not adequately sized for the approximately 86 employees who work at this location. The overcrowded facilities (e.g., bathrooms, training space, locker areas, and shop work spaces) have posed a challenge for retaining personnel.
- **No bulk storage and undersized material storage facilities:** Salt storage is about half the needed size, which requires more frequent but smaller material orders. The size constraints also require Public Works to use other off-site facilities to achieve the necessary operational capacity.
- **No heated/covered storage for expensive equipment:** The existing campus has limited space to store vehicles inside. This results in a significant amount of expensive equipment being stored outside or in shipping containers. Vehicles and
equipment with a replacement cost of $17 to 18 million are currently stored outdoors and should be under cover. Specific inefficiencies or risks include:
- Reduced equipment life expectancy,
- Increased risk of employee injuries and mishaps,
- Increased non-productive staff hours to clean vehicles of snow and ice,
- Slower response times to emergencies,
- Increased exposure to potential vandalism,
- Reduced reliability of equipment availability, and
- Increased potential for fluid leaks to reach the stormwater system.

- **Lack of shop storage and work space:** Similarly, insufficient indoor storage has required inferior storage space alternatives, including the use shipping containers, off-site storage areas, or leave out in the weather.

Several years ago, Public Works completed a comparative survey of other local municipal public works maintenance campuses. Nine Municipalities participated in the survey. The following table compares the Lakewood Public Works Maintenance Campus with the average of the nine responding municipalities:

Subject: DOLA DENVER-METRO REGIONAL NAVIGATION CAMPUS GRANT

SUMMARY STATEMENT: City Council recently approved Ordinance 2024-4 authorizing a supplemental appropriation to purchase, renovate, and operate a navigation center in the City of Lakewood. Staff is requesting that City Council now approve the acquisition of real property located at 7898 and 8000 W. Colfax Ave, Lakewood, CO 80214, subject to the terms and contingencies in the purchase agreement negotiated by City Staff. The acquisition of the property is contingent upon completion of contracts with DOLA and receipt of grant funds. The City shall have until June 30, 2024, to complete necessary contingencies with DOLA and secure grant funding. Funds received from the Colorado Department of Local Affairs (DOLA) Denver-Metro Regional Navigation Campus grant will be used to acquire the property. Pursuant to City Charter, the acquisition of real property must be authorized by City Council via ordinance.

BACKGROUND INFORMATION: State House Bill 22-1378 establishes grant funds to support governments located throughout the Denver-Metropolitan Area in establishing regional facilities that provide on-site services and housing resources to people experiencing homelessness. The program is administered by the Department of Local Affairs (DOLA). The DOLA program recognizes that homelessness is one of the biggest issues facing the Denver-Metro area. In June 2023, the Department of Local Affairs (DOLA) released a Request for Application (RFA) for up to $45 million for the creation of one or more Denver-Metro regional navigation campuses. Eligible applicants include a local government or local governments applying together or a community partner in conjunction with one or more local governments. Applications to build or acquire, and then facilitate one or more regional navigation campuses in the Denver-Metropolitan Area to respond to and prevent homelessness were requested. The City of Lakewood was awarded $9,329,623 with forty (40) State Housing Vouchers and $144,000 for tenant support services. A local grant match is required for the tenant support service in the amount of $144,000. The match will be paid for with City of Lakewood Community Development Block Grant fund and RecoveryWorks general funds.

The timing of this grant could not have been better, as the most recent 2023 Point-in-Time data shows that Jefferson County experienced a 73.2% increase in homelessness between 2022 and 2023. The data also shows that the majority of Jefferson County’s unhoused are also unsheltered. This is because there are no low-barrier overnight emergency shelter beds available for people experiencing homelessness in all of Jefferson County. The City of Lakewood is working with partner agencies throughout the county to help meet these needs.

Developing navigation centers in Jefferson County has been a goal for the cities of Lakewood, Arvada, Wheat Ridge, Edgewater, Golden, Westminster and Jefferson County for many years. County and municipal leaders from these jurisdictions began meeting regularly in 2017 to collaborate on addressing the impact of homelessness in Jefferson County. This partnership focuses on addressing the needs of the unhoused and lessening the impact homelessness has on the greater community. This approach has been successful in improving coordination between jurisdictions and non-profit service partners, creating new coordinated positions focused on addressing homelessness, programs, resources and grant funding to our communities.

Examples include the Jefferson County Homeless Coordinator position, the county-wide homeless navigation
program where each jurisdiction employs homeless navigators to complete street outreach and navigate people experiencing homelessness to needed services and housing resources, and multiple grant awards to Jefferson County jurisdictions to address homelessness.

In 2020, Jefferson County gathered research where the navigation center concept was introduced as a best practice and recommended as a strategy to address the sheltering needs within the county. The research was presented to Jefferson County and municipal Elected Officials who approved the multi-jurisdictional group to pursue the partnerships and resources needed to establish two navigation centers in Jefferson County. Since that time, the group has continued to work together to identify funding and partnership opportunities to establish navigation centers in Jefferson County.

The housing navigation center model meets people at all points on the spectrum of a housing crisis. It provides low barrier access to on-site housing navigation, supportive services, shelter beds, basic hygiene resources and a pathway to permanent housing. It functions as an efficient one-stop service center for Jefferson County residents experiencing a housing crisis. The model especially engages long-term unsheltered people who are often fearful of accessing traditional shelter and services. The core objectives of a navigation center include:

- Diverting people from homelessness whenever possible,
- Providing emergency shelter for most vulnerable individuals,
- Rapidly assisting people in accessing permanent housing,
- Maintaining or establishing connections with supportive services and employment, and
- Providing essential services to help people survive homelessness.

Successful navigation centers have access to sufficient permanent housing resources so that shelter beds are turned around as rapidly as possible to make room for others needing shelter. The low barrier model provides an opportunity for staff to engage shelter-adverse populations during the day, build relationships and take the steps to build trust necessary to engage them in services. Navigation centers benefit the greater community by saving taxpayer dollars and reducing over-utilization of emergency departments, law enforcement contacts, and jail time as persons can get their basic needs met at the navigation center before those needs grow into crisis.

This building is currently leased by RecoveryWorks, a Lakewood non-profit who will serve as lead service provider by staffing and operating the navigation center, and RCR Photographic LLC, an entity that has agreed to terminate its lease and vacate pursuant to the purchase agreement. The City will need to complete various conditions of the grant to obtain funding and acquire the property. Council’s approval will authorize the purchase agreement, subject to contingencies. If contingencies are not met and grant funds are not approved by DOLA by June 30, 2024, the purchase agreement will be terminated.

**BUDGETARY IMPACTS:** The acquisition is through grant funds and will not come from the City of Lakewood’s monetary resources. The City will incur future costs to support the operation of the navigation center. The City will utilize partnerships and other funding sources to share the costs of the navigation center.

**STAFF RECOMMENDATIONS:** Staff recommends approval of the acquisition as defined in the purchase agreement.

**ALTERNATIVES:** City Council may reject the purchase agreement. Rejection of this ordinance will terminate the purchase agreement and the City will become ineligible to receive the $9,329,623 in grant funds.

**PUBLIC OUTREACH:** This item has been promoted through the regular communication channels to be considered by the Lakewood City Council.
NEXT STEPS: Continue to work with DOLA to complete remaining conditions of the grant, secure funding, and move forward with the acquisition, renovation, and operation of the regional navigation center in partnership with RecoveryWorks.

IF SELLER IS NOT IN DEFAULT AND DOES NOT TIMELY RECEIVE BUYER'S WRITTEN NOTICE TO TERMINATE, BUYER'S EARNEST MONEY WILL BE NONREFUNDABLE, except as otherwise provided in this Contract (e.g., Appraisal, Title, Survey).

5.3. Credit Information. If an existing loan is not to be released at Closing, this Contract is conditional (for the sole benefit of Seller) upon Seller's approval of Buyer's financial ability and creditworthiness, which approval will be in Seller's sole subjective discretion. 6.3. Lender Property Requirements. If the lender imposes any written requirements, replacements, removals or repairs, including any specified in the Appraisal (Lender Property Requirements) to be made to the Property (e.g., roof repair, repainting), beyond those matters already agreed to by Seller in this Contract, this Contract terminates on the earlier of three days following Seller’s receipt of the Lender Property Requirements, or Closing, unless prior to termination: (1) the parties enter into a written agreement to satisfy the Lender Property Requirements; (2) the Lender Property Requirements have been completed; or (3) the satisfaction of the Lender Property Requirements is waived in writing by Buyer.

(Disclosure of Adverse Material Facts; Subsequent Disclosure; Present Condition) including any problems or defects in the common elements or limited common elements of the Association property.

7.4. Conditional on Buyer’s Review. Buyer has the right to review the Association Documents. If Seller does not receive Buyer’s Notice to Terminate within such time, Buyer accepts the provisions of the Association Documents as satisfactory and Buyer waives any Right to Terminate under this provision, notwithstanding the provisions of § 8.6. (Third Party Right to Purchase/Approve).

8. TITLE INSURANCE, RECORD TITLE AND OFF-RECORD TITLE.

8.1. Evidence of Record Title.

8.1.1. Seller Selects Title Insurance Company. If this box is checked, Seller will select the title insurance company to furnish the owner’s title insurance policy at Seller’s expense. On or before Record Title Deadline, Seller must furnish to Buyer, a current commitment for an owner’s title insurance policy (Title Commitment), in an amount equal to the Purchase Price, or if this box is checked, an Abstract of Title certified to a current date. Seller will cause the title insurance policy to be issued and delivered to Buyer as soon as practicable at or after Closing.

8.1.2. Buyer Selects Title Insurance Company. If this box is checked, Buyer will select the title insurance company to furnish the owner’s title insurance policy at Buyer’s expense. On or before Record Title Deadline, Buyer must furnish to Seller, a current commitment for owner’s title insurance policy (Title Commitment), in an amount equal to the Purchase Price. If neither box in § 8.1.1. or § 8.1.2. is checked, § 8.1.1. applies.

8.1.3. Owner’s Extended Coverage (OEC). The Title Commitment Will Not contain Owner’s Extended Coverage (OEC). If the Title Commitment is to contain OEC, it will commit to delete or insure over the standard exceptions which relate to: (1) parties in possession, (2) unrecorded easements, (3) survey matters, (4) unrecorded mechanics’ liens, (5) gap period (period between the effective date and time of commitment to the date and time the deed is recorded) and (6) unpaid taxes, assessments and unpreferred tax sales prior to the year of Closing. Any additional premium expense to obtain OEC will be paid by Buyer or Seller or One-Half by Buyer and One-Half by Seller or Other.

Regardless of whether the Contract requires OEC, the Title Insurance Company may not provide OEC ordelete or insure over any or all of the standard exceptions for OEC. The Title Insurance Company may require a New Survey or New ILC, defined below, among other requirements for OEC. If the Title Insurance Commitment is not satisfactory to Buyer, Buyer has a right to object under § 8.7. (Right to Object to Title, Resolution).

8.1.4. Title Documents. Title Documents consist of the following: (1) copies of any plats, declarations, covenants, conditions and restrictions burdening the Property and (2) copies of any other documents (or, if illegible, summaries of such documents) listed in the schedule of exceptions (Exceptions) in the Title Commitment furnished to Buyer (collectively, Title Documents).

8.1.5. Copies of Title Documents. Buyer must receive, on or before Record Title Deadline, copies of all Title Documents. This requirement pertains only to documents as shown of record in the office of the clerk and recorder in the county where the Property is located. 8.1.6. Existing Abstracts of Title. Seller must deliver to Buyer copies of any abstracts of title covering all or any portion of the Property (Abstract of Title) in Seller’s possession on or before Record Title Deadline.

8.2. Record Title. Buyer has the right to review and object to the Abstract of Title or Title Commitment and any of the Title Documents as set forth in § 8.7. (Right to Object to Title, Resolution) on or before Record Title Objection Deadline. Buyer’s objection may be based on any unsatisfactory form or content of Title Commitment or Abstract of Title, notwithstanding § 13, or any other unsatisfactory title condition, in Buyer’s sole subjective discretion. If the Abstract of Title, Title Commitment or Title Documents are not received by Buyer on or before the Record Title Deadline, or if there is an endorsement to the Title Commitment that adds a new Exception to title, a copy of the new Exception to title and the modified Title Commitment will be delivered to Buyer. Buyer has until the earlier of Closing or ten days after receipt of such documents by Buyer to review and object to: (1) any required Title Document not timely received by Buyer, (2) any change to the Abstract of Title, Title Commitment or Title Documents,
or (3) any endorsement to the Title Commitment. If Seller receives Buyer’s Notice to Terminate or Notice of Title Objection, pursuant to this § 8.2. (Record Title), any title objection by Buyer is governed by the provisions set forth in § 8.7. (Right to Object to Title, Resolution). If Seller has fulfilled all Seller’s obligations, if any, to deliver to Buyer all documents required by § 8.1. (Evidence of Record Title) and Seller does not receive Buyer’s Notice to Terminate or Notice of Title Objection by the applicable deadline specified above, Buyer accepts the condition of title as disclosed by the Abstract of Title, Title Commitment and Title Documents as satisfactory.

8.3. **Off-Record Title.** Seller must deliver to Buyer, on or before **Off-Record Title Deadline**, true copies of all existing surveys in Seller’s possession pertaining to the Property and must disclose to Buyer all easements, liens (including, without limitation, governmental improvements approved, but not yet installed) or other title matters not shown by public records, of which Seller has actual knowledge (Off-Record Matters). This Section excludes any New ILC or New Survey governed under § 9 (New ILC, New Survey). Buyer has the right to inspect the Property to investigate if any third party has any right in the Property not shown by public records (e.g., unrecorded easement, boundary line discrepancy or water rights). Buyer’s Notice to Terminate or Notice of Title Objection of any unsatisfactory condition (whether disclosed by Seller or revealed by such inspection, notwithstanding § 8.2. (Record Title) and § 13 (Transfer of Title)), in Buyer’s sole subjective discretion, must be received by Seller on or before **Off-Record Title Objection Deadline**. If an Off-Record Matter is received by Buyer after the **Off-Record Title Deadline**, Buyer has until the earlier of Closing or ten days after receipt by Buyer to review and object to such Off-Record Matter. If Seller receives Buyer’s Notice to Terminate or Notice of Title Objection pursuant to this § 8.3. (Off-Record Title), any title objection by Buyer is governed by the provisions set forth in § 8.7. (Right to Object to Title, Resolution). If Seller does not receive Buyer’s Notice to Terminate or Notice of Title Objection by the applicable deadline specified above, Buyer accepts title subject to such Off-Record Matters and rights, if any, of third parties not shown by public records of which Buyer has actual knowledge.

Should Buyer receive the Tax Certificate after **Record Title Deadline**, Buyer, at Buyer’s option, has the Right to Terminate under § 24.1. by Buyer’s Notice to Terminate received by Seller on or before ten days after Buyer’s receipt of the Tax Certificate. If Buyer does not receive the Tax Certificate, or if Buyer’s Notice to Terminate would otherwise be required to be received by Seller after Closing Date, Buyer’s Notice to Terminate must be received by Seller on or before Closing. If Seller does not receive Buyer’s Notice to Terminate within such time, Buyer accepts the content of the Tax Certificate as satisfactory and Buyer waives any Right to Terminate under this provision. If Buyer’s loan specified in §4.5.3. (Loan Limitations) prohibits Buyer from paying for the Tax Certificate, the Tax Certificate will be paid for by Seller.

8.6. **Third Party Right to Purchase/Approve.** If any third party has a right to purchase the Property (e.g., right of first refusal on the Property, right to purchase the Property under a lease or an option held by a third party to purchase the Property) or a right of a third party to approve this Contract, Seller must promptly submit this Contract according to the terms and conditions of such right. If the third-party holder of such right exercises its right this Contract will terminate. If the third party’s right to purchase is waived explicitly or expires, or the Contract is approved, this Contract will remain in full force and effect. Seller must promptly notify Buyer in writing of the foregoing. If the third party right to purchase is exercised or approval of this Contract has not occurred on or before **Third Party Right to Purchase/Approve Deadline**, this Contract will then terminate. Seller will supply to Buyer, in writing, details of any Third Party Right to Purchase the Property on or before the **Record Title Deadline**.

If Buyer exercises Buyer’s rights to object or terminate based on any such title matter, on or before the applicable deadline, Buyer has the following options:

8.7.1. **Title Objection, Resolution.** If Seller receives Buyer’s written notice objecting to any title matter (Notice of Title Objection) on or before the applicable deadline and if Buyer and Seller have not agreed to a written settlement thereof on or before **Title Resolution Deadline**, this Contract will terminate on the expiration of **Title Resolution Deadline**, unless Seller receives Buyer’s written withdrawal of Buyer’s Notice of Title Objection (i.e., Buyer’s written notice to waive objection to such items and waives the Right to Terminate for that reason), on or before expiration of **Title Resolution Deadline**. If either the Record Title Deadline or the Off-Record Title Deadline, or both, are extended pursuant to § 8.2. (Record Title) or § 8.3. (Off-Record Title) the Title Resolution Deadline also will be automatically extended to the earlier of Closing or fifteen days after Buyer’s receipt of the applicable documents; or

8.7.2. **Title Objection, Right to Terminate.** Buyer may exercise the Right to Terminate under § 24.1., on or before the applicable deadline, based on any title matter unsatisfactory to Buyer, in Buyer’s sole subjective discretion.

Wendy Weiss 02/28/2024
DATE OF MEETING: JUNE 24, 2024 / AGENDA ITEM NO. 11

To: Mayor and City Council

From: Max Kirschbaum, Director of Public Works

Subject: PILOT RESIDENTIAL PARKING PERMIT (RPP) PROGRAM

SUMMARY STATEMENT: City staff presented results from a citywide parking study by Consor Engineers on October 2nd, 2023. They discussed a residential parking permit program and enhanced parking enforcement with the city council on February 5, 2024. Proposed changes to the Lakewood Municipal Code aim to implement these programs. The pilot location for the residential permit program is the Applewood neighborhood, addressing overflow parking from Abrusci’s Fire and Vine restaurant. Residents will vote on the program, and maintaining license plate data will be necessary for permits.

BACKGROUND INFORMATION: On October 2nd, 2023, city staff presented the results of the citywide parking study from Consor Engineers. On February 5, 2024 city staff further presented and received feedback from city council study session to bring back both a residential parking permit program and an enhanced parking enforcement proposal.

City staff has created proposed modifications to the Lakewood Municipal Code to allow a residential parking permit program and enhanced parking enforcement citywide though the use of a vendor. If City Council chooses to only go forward with one program, the estimated cost would be higher than proposed below, as the cost of the car, incidentals, training, etc. are spread only over the one chosen program.

The proposed pilot location for the residential parking permit program is in the Applewood neighborhood to address overflow parking from Abrusci’s Fire and Vine restaurant. A key component of the proposed permit program is the parking area where residents get to vote. The proposed permit area includes those that currently have an issue but also the area the parking would likely move to. For residential impacts from a retail establishment, it is around 1,000 feet that patrons would be assumed to walk. For events, the distance increases to 2,000 feet, which attendees would likely walk from.

A second component is the type of impact: The permit program isn't intended to differentiate types of residents, so it isn't proposed to be allowed for single family areas being impacted by multifamily developments, etc. The citywide parking study lists the proposed elements for different types of issues in the "toolbox". The proposed ordinance also requires 80% approval (4 out of every 5 houses) from within the proposed area. The 80% is similar to other traffic-calming petitions for speed humps, etc. Parking permits will require effort to keep license plate data current or enter guest plates that want to park on the street and the associated monetary costs. We are proposing requiring fees for resident vehicles. We acknowledge getting a visitor permit will be a considerable effort, so we are proposing making two visitor permits free. Visitor permits are proposed to be valid for limited days a month. We suspect most residents would likely park their car on the street and have visitors use the driveway instead of going through the effort to get on a website and enter a new license plate each time. Overall, we have tried to balance those being impacted and those where the parking problem will be relocated. If over time, the parking problem is reduced or our assumed limits of the likely impacted area were too large, we allowed a method to petition to reduce the required permit area from the outer block(s) towards the issue.

BUDGETARY IMPACTS: An estimated annual budget impact of $100,000 for 15 hours per week of
enforcement from a parking enforcement vendor including start-up costs for the program assuming the program runs for 3 years minimum.

**STAFF RECOMMENDATIONS:** Adopt Lakewood Municipal Code 10, Chapter 38 to create a residential parking permit program.

**ALTERNATIVES:** Reject or modify proposed Lakewood Municipal Code Title 10, Chapter 38 pertaining to residential parking permit program.

**PUBLIC OUTREACH:** This item has been promoted through the regular communication channels to be considered by the Lakewood city council.

**NEXT STEPS:** Creating a budget item(s) for the 2024 Revised Budget/2025 Budget for enhanced parking enforcement and/or residential parking permit program.

AN ORDINANCE
ADOPTING TITLE 10, CHAPTER 38, OF THE LAKEWOOD MUNICIPAL CODE
ESTABLISHING A PILOT PROGRAM FOR RESTRICTED RESIDENTIAL PARKING
AREAS WITHIN THE CITY OF LAKEWOOD, COLORADO

WHEREAS, the City of Lakewood ("Lakewood" or "City") is a home rule municipality organized under Article XX of the Colorado Constitution and the authority of the Home Rule Charter for the City of Lakewood (Charter);

WHEREAS, Sections 1.2 and 2.1 of the Charter vests all municipal legislative powers in the City Council, and authorizes the City Council to establish those laws necessary and proper to provide for the safety, preserve the health, promote the prosperity, and improve the morals, order, comfort, and convenience of such municipality and the inhabitants thereof;

WHEREAS, the City recognizes that certain schools, parks, and businesses cause traffic congestion and overuse of nearby residential street parking spaces, and that it may be necessary to safeguard on-street parking for neighborhood residents in locations near such high traffic schools, parks, and businesses;

WHEREAS, through the adoption of this Pilot Program the City seeks to begin to address the immediate health and safety needs of the community while continuing to study and understand the longer-term consequences of utilizing Restricted Residential Parking Areas to address the street parking needs of members of the community;

WHEREAS, approval of this ordinance on first reading is intended only to confirm that the City Council desires to comply with the Lakewood Municipal Code by setting a public hearing to provide City staff and the public an opportunity to present evidence and testimony regarding the proposal; and

WHEREAS, approval of this ordinance on first reading does not constitute a representation that the City Council, or any member of the City Council, supports, approves, rejects or denies the proposal.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Lakewood, Colorado, that:

SECTION 1. Establishment of Title 10, Chapter 38. Title 10, Chapter 38 of the Lakewood Municipal Code, entitled Restricted Residential Parking Areas, Pilot Program, shall be established as follows:

D. A permanent program for Restricted Residential Parking Areas may be established utilizing the data obtained from the Pilot Program.

10.38.030 - Program Amendment, Termination, Conclusion; Supplemental Regulations.
A. The City does not guarantee that this Pilot Program shall be continued, as set forth herein, for the entirety of the anticipated two years. This Pilot Program may be amended, terminated, or suspended at any time by action of the City Council.
B. The Director of Public Works, or the Director’s Designee, is hereby authorized to establish regulations to supplement the provisions of this Code.
C. Residents within Restricted Residential Parking Areas established under this Pilot Program shall be notified of any change to this Pilot Program or any decision to terminate or suspend the Pilot Program as set forth within the supplemental regulations.

10.38.040 - Definitions.
A. **Director** means the Public Works Director of Lakewood, Colorado, or the Director’s designee.
B. **Household** means all individuals living within a residence.
C. **Parking Occupancy Ratio** means the percentage of occupied Parking Stalls divided by the total number of Parking Stalls available in a city block.
D. **Parking Stall** means a 24-foot-long space in which a single motor vehicle can be parallel parked.
E. **Peak Usage Time** means a regularly occurring two-to-four-hour timespan during which the residential street parking spaces of a city block or series of city blocks are most heavily utilized by nonresidents visiting a nearby school, public park, business, or recurring multiple-day festival or event.
F. *Permit* means the residential parking permit required by this Code for parking in a Restricted Residential Parking Area. The Permit may be either a vehicle specific parking permit or a hangtag issued for use by residential guests.

G. *Permit Applicant* means the individual who has applied for a residential parking permit required by this Code for parking in a Restricted Residential Parking Area.

H. *Restricted Residential Parking Area ("RRPA")* means a specifically identified and defined City block or series of City blocks that are affected by excess parking associated with an adjacent school, park, or business in such a manner that residents of the neighborhood are rendered insecure in their ability to find motor vehicle parking for residential purposes during Peak Usage Time.

I. *Traffic Engineer* means the City’s Traffic Engineer, or designee, authorized to take the actions necessary for the proper regulation, control, and facilitation of traffic in the City of Lakewood, as designated in Lakewood Municipal Code sections 10.69.070 and 10.69.080.

10.38.050 – Permits authorized;

A. The Traffic Engineer is hereby authorized to issue Permits in accordance with the provisions of this Code and the supplemental regulations of this Code.

B. The Traffic Engineer shall issue no more than three resident permits per residence when the address of the Permit Applicant is within an RRPA. The Permit Applicant shall provide a currently valid state driver’s license to establish that their residence is within the RRPA.

C. The Permit Applicant shall provide a currently valid license plate number for each resident Permit and pay an annual fee of $10.00 per permit.

D. Each residential address can apply for two Visitor Permits for free. Additional Visitor Permits are $10 per permit.

E. Each visitor Permit shall be valid for a maximum of 10 days in a month.

10.38.060 – Prohibition of Parking within an established RRPA.

A. On-street parking of motor vehicles may be prohibited in a location which has been designated as an RRPA and in which signs have been erected that conform to the requirements of L.M.C. 10.36.020.

B. It shall be unlawful for any person to park a vehicle on any street in which official signage is posted designating the area an RRPA no-parking zone without a validly issued Permit as provided in this Code, and any such act shall be a violation of this Code.

C. It shall be unlawful for any person to park any motor vehicle on the premises of any private dwelling located within an RRPA without permission of the owner of such property.

D. Any person who violates any provision of this section commits a Class 4 traffic offense.

A. To qualify as an RRPA, residents within the proposed RRPA must provide to the Traffic Engineer a written petition, on a form established by the Public Works Department of the City of Lakewood, signed by one owner of 80% or more of the Households located within the proposed RRPA indicating that such Household is in favor of and requests the establishment of an RRPA in their neighborhood. Only one signature per Household shall be counted toward determining whether 80% or more of the Households within the proposed RRPA are in favor of the establishment of an RRPA. Because the establishment of an RRPA will impact the residents of each residential property within the RRPA and could potentially effect the marketability of a property, only a property owner may sign such petition, although exceptions may be established within the supplemental regulations.

B. Any petition circulated for signatures of property owners of Households shall clearly state on its face the restrictions that will be established for residential parking within the proposed RRPA and that residents within the RRPA, and their guests, will be subject to such restrictions unless they purchase a parking permit.

C. The proposed location must also meet one of the following requirements:

1. Area near school. An RRPA may be established for a location within 1,500 feet of any property line of a school when the Parking Occupancy Ratios for at least one city block within the proposed RRPA are 75% or higher during Peak Usage Time; or

2. Area near public park. An RRPA may be established for a location near a public park when a portion of the proposed RRPA is within 100 feet of the boundary of the public park and when the Parking Occupancy Ratios for at least one city block within the proposed RRPA are 75% or higher during Peak Usage Time; or

3. Area near business, event, or festival. An RRPA may be established for a location near a business when the RRPA encompasses residential streets at least 1,000 feet away from the property line of said business and when the Parking Occupancy Ratios for at least one city block within the proposed RRPA are 75% or higher during Peak Usage Time.

4. Area near event or festival. An RRPA may be established for a location within 2,000 feet of a recurring, multiple-day festival or event when the Parking Occupancy Ratios for at least one city block within the proposed RRPA are 75% or higher during Peak Usage Time.

D. The Traffic Engineer shall only authorize an RRPA for a proposed location encompassing 40 or more residences.

E. The Traffic Engineer shall only authorize an RRPA to be established upon City of Lakewood rights of way and shall not authorize an RRPA on any part of the state highway system as that term is defined in C.R.S. § 43-2-101, or on any private property.
F. If the location of the proposed RRPA complies with the above sections, the Traffic Engineer shall authorize the establishment of an RRPA within a boundary area established by the Traffic Engineer. The Traffic Engineer shall establish the boundary of the RRPA in accordance with those factors set forth within the supplemental regulations and any factors specific to the proposed RRPA, including the likely distance that people will generally walk from a parked car to the school, public park, business, festival, or event located within the RRPA.

G. An RRPA shall only be applicable to street parking in front of residential properties, and any commercial properties, schools, or parks in the vicinity shall be excluded from requiring Permits to park along their associated frontage.

10.38.080 - Signs.

Signs that conform to the requirements of the law for official traffic control devices shall be erected in a location designated by the Traffic Engineer as an RRPA. The signs shall give notice that the restrictions of the RRPA apply to all motor vehicles parking in the location.

10.38.090 - Permit Denial; Revocation; Appeal.

A. The Traffic Engineer shall have the authority to deny, suspend, or revoke any Permit when it is determined that the Permit Applicant, or any person holding a Permit issued to the Permit Applicant’s address, has violated the provisions of this Code.

B. A Permit Applicant or Permit Holder who has had a permit application denied, or a permit suspended or revoked, may file an administrative appeal in accordance with the supplemental regulations.

C. At the conclusion of an administrative hearing of appeal the Director shall determine whether to uphold the denial, suspension, or revocation and may confirm or modify the Traffic Engineer’s findings in accordance with the facts submitted. Such decision by the Director shall be in writing and notice thereof shall be mailed to appellee within ten days of the date of the Director’s action.

D. The Director’s decision shall be final. Any review thereof shall be by the district court pursuant to Rule 106(a)(4) of the Colorado Rules of Civil Procedure.

10.38.100 - Removal or reduction of designation of Restricted Residential Parking Area.

A. The Traffic Engineer shall have the authority to remove the designation of an authorized RRPA if any of the following occurs:

1. By virtue of closure of the school or change in use of the property, the RRPA or some part thereof is no longer located within 1,500 feet of any property line of a school; or

2. There are no longer residences located in the RRPA; or

3. By virtue of change in use of the property, the RRPA is no longer located within 100 feet of a public park; or
4. An RRPA becomes part of the state highway system as that term is defined in C.R.S. § 43-2-101, as amended; or

5. The Traffic Engineer makes a written finding, based on the totality of circumstances, that such designation is no longer in the best interests of the City.

B. The Traffic Engineer shall have the authority to reduce the size of an RRPA that has been in existence for at least one year if either of the following occurs:

1. Residents within an established RRPA provide to the Traffic Engineer a written petition, on a form established by the Public Works Department of the City of Lakewood, signed by one owner of 80% or more of the Households located on a block within the RRPA, such petition requesting that the block upon which such owners’ homes are located be removed from the RRPA, provided that the remaining locations in the RRPA are still contiguous with each other and includes two (2) or more complete residential blocks; or

2. The Traffic Engineer makes a written finding, based on the totality of the circumstances, that the designation of the full RRPA is no longer in the best interests of the City. The Traffic Engineer shall specify in writing the area in which the designation shall no longer apply.

C. Notwithstanding section 10.38.070(C), an RRPA that has been reduced in size may encompass fewer than 40 residences but may not be smaller than two residential blocks.

D. The removal of a designation pursuant to this section shall nullify any Permit issued for the area in which the removal occurs. Such nullification shall not be considered a denial, suspension, or revocation of any Permits.

10.38.110 - Violation.

In any prosecution for violation of the provisions of this Code, proof that the vehicle described in the complaint was parked in violation of this Code, together with proof that the defendant named in the complaint was at the time of such parking, the registered owner of the vehicle, shall constitute prima facie evidence that the defendant was the person who parked, or knowingly permitted to be parked, such vehicle at the place where and for the time in which such violation occurred.

SECTION 2. This ordinance shall take effect thirty (30) days after final publication.

SECTION 3. If any provision of this Ordinance should be found by a court of competent jurisdiction to be invalid, such invalidity shall not affect the remaining portions or applications of this Ordinance that can be given effect without the invalid portion, provided that such remaining portions or application of this Ordinance are not determined by the court to be inoperable.
I hereby attest and certify that the within and foregoing ordinance was introduced and read on first reading at a hybrid regular meeting of the Lakewood City Council on the 10th day of June, 2024; published by title in the Denver Post and in full on the City of Lakewood's website at www.lakewood.org, on the 13th day of June, 2024; set for public hearing to be held on the 24th day of June, 2024; read, finally passed and adopted by the City Council on the 24th day of June, 2024; and signed by the Mayor on the ______ day of June, 2024.

To: Mayor and City Council
From: Max Kirschbaum, Director of Public Works
Subject: ENHANCED PARKING ENFORCEMENT

SUMMARY STATEMENT: On October 2nd, 2023, city staff presented results from a citywide parking study. Subsequently, on February 5, 2024, they discussed both a residential parking permit program and an enhanced parking enforcement proposal. The parking enforcement vendor would address citywide issues such as parking in bike lanes and near intersections, which are currently the main complaints from residents.

BACKGROUND INFORMATION: On October 2nd, 2023, city staff presented the results of the citywide parking study from Consor Engineers. On February 5, 2024 city staff further presented and received feedback from city council study session to bring back both a residential parking permit program and enhanced parking enforcement proposal.

City staff has created proposed modifications to the Lakewood Municipal Code to allow a residential parking permit program and enhanced parking enforcement citywide though the use of a vendor. If City Council chooses to only go forward with one program, the estimated cost would be higher than proposed below, as the cost of the car, incidentals, training, etc. are spread only over the one chosen program.

The parking enforcement vendor would be able to respond to parking issues citywide. Parking in bike lanes, parking too close to intersections, and parking too close to crosswalks are currently the main complaints by residents.

BUDGETARY IMPACTS: An estimated annual budget impact of $150,000 for 25 hours per week of enforcement from a vendor including start-up costs for the program assuming the program runs for 3 years minimum.

STAFF RECOMMENDATIONS: Amend Lakewood Municipal Code Chapter 10.63.010 to allow the Police Chief to assign or contract parking enforcement officials.

ALTERNATIVES: Reject or modify proposed amendment to Lakewood Municipal Code Chapter 10.63.010.

PUBLIC OUTREACH: This item has been promoted through the regular communication channels to be considered by the Lakewood City Council.
